- Students gain first-hand insight into the surgical process, including the pre-operative and post-operative care

## Report

On 10<sup>th</sup> March 2025, a visit was conducted to Asian Institute of Pharmacy, Nashik. Located at Manoj medical as part of an educational field trip for students. The visit aimed to provide students with practical exposure to pharmacy operations, medication management, and patient counseling. The visit was led by Miss. Darshana Borase, accompanied by faculty members, including Mrs. Pranjali Patil along with a group of students

During the visit, students interacted with pharmacists and staff, gaining insights into medication dispensing, storage protocols, and patient counseling techniques. The pharmacists demonstrated best practices in medication handling, explaining the importance of proper labeling, expiry checks, and adherence to regulatory guidelines. Additional healthcare services such as vaccinations and basic health screenings were also available, providing students with a broader understanding of community pharmacy roles.

In conclusion, the visit was a valuable learning experience for students, providing them with hands-on exposure to pharmacy operations and patient care. Faculty members highlighted the significance of bridging theoretical knowledge with real-world applications to enhance students' understanding of the pharmaceutical field.
