## Report of the Event

On July 9th, 2025, an event was organised in "Asian Institute of Pharmacy" and celebrated with the heartfelt theme "Ek Ped Maa Ke Naam" – a tribute to the nurturing spirit of mothers through the act of planting trees. It highlighted the connection between environmental conservation and public health. The initiative encouraged students, faculty, and the local community to plant plants in honor of their mothers, symbolizing care, healing, and sustainability. Through this campaign, the college aimed to spread awareness about the vital role of plants in eco-friendly healthcare and inspire a deeper bond with nature rooted in gratitude.

### Event Overview

The celebration began under the guidance of principal sir Dr. K.R. Dandgvhal with an opening ceremony attended by faculty, staff and students. The event was marked by discussion session.

### Activities and Programs

The event began with an informative session and delivered by Dr. Kamlesh dandgvhal. On the importance of plants and their values, the speech emphasized how lifestyle choices impact overall well-being and they provided practical tips on maintaining good health.

### Feedback and Evaluation

1. **Positive Response from Participants:** Students and faculty actively participated with emotional involvement.
2. **Educational Impact:** Participants gained knowledge about the benefits of medicinal plants in health and sustainability.
3. **Strong Community Engagement:** The event fostered a sense of social responsibility and environmental awareness.

### Conclusion

The "Ek Ped Maa Ke Naam" initiative beautifully combined environmental responsibility with emotional and cultural values. By planting medicinal plants in honor of mothers, participants not only contributed to a greener planet but also celebrated the nurturing spirit that both trees and mothers symbolize. The event successfully raised awareness about sustainable healthcare, promoted community involvement, and inspired a deeper connection with nature. This initiative stands as a meaningful step toward environmental conservation and should be continued as a tradition that nurtures earth.
