### Outcomes of the program

- Understanding of cultivation, collection and harvesting, storage and Packaging of different crops.
- Practical exposure to research methodologies.
- Awareness of the integration of traditional knowledge with modern research.
- Ability to connect theoretical classroom knowledge with real-world applications.
- Understanding of the pharmaceutical industry's role in healthcare and wellness.
- Motivation to explore career opportunities in the herbal and pharmaceutical sectors.
- Development of a professional outlook, emphasizing research and quality.

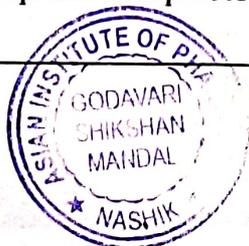

The following faculty members accompanied the students for the visit

- Mrs . S.A. Dhamne
- Mrs. P.T. Patil
- Ms .Rutuja Chavhan
- Prof.Gauri Kaphre
- Prof.Lisha Wadhva
- Prof.Gaurja wani
- Prof.Pranjali Patil
- Prof.Darshna Borse
- Prof.Amol Ambekar
- Prof.Ashish Jadhav

As soon as we reached company, we were guided by Ms.Priti Sandhan to different departments where orientation of company was given by heads of production departments about history and how company was established.

- Production includes scientific cultivation of specific fruits and vegetables which is having enormous demand, both in the national and International Market.
- Aseptic fruit processing is followed for products by sterilizing and is packed in drums and container to maintain a longer shelf life. The products covered by this process include tomato, mango, guava and papaya pulp with all the latest technologies in processing.

On receiving the letter of confirmation from Sahyadri Farm 65 students with 18 faculty members went on an industrial visit to Sahyadri Farms on 14<sup>th</sup> October 2025. We reached Sahyadri Farm at 11.10 a.m. with 2 buses. We had already coordinated with Ms. Pooja kadam for confirmation of visit and all , after reaching to company Ms. Priti sandhan was there to assist us for visiting the different locations. She explained the processing of Grapes, means from the harvesting

upto to the export of grapes in different countries, along with the packaging condition and the temperature conditions for different processing.

She also showed us one short clip on Grapes processing upto the shipping to different countries. And also the history means how they started for the export of grapes from very small scale upto the large scale export.

After that we visited CORN packaging and Tomato catchup packaging with live processing. After completing the plant visit a half an hour documentary we watched. After that we enjoyed the lunch and group photo session and visited outlet of sahyadri products.

Basically Sahyadri Farms is the leading fruits and vegetable export company servicing over 18,000 registered farmers that cover 31,000 acres of area. The founder of the Sahyadri farm is Mr. Vilas Shinde who took their first step on a long and purposeful journey. They are India's leading manufacturers, wholesalers, and exporters of frozen fruit, frozen vegetables, etc. They export their product to 42+ countries.

The vision of Sahyadri farms is to build people processes and practices to enable and empower small Indian farmers to compete with the best by cultivating good quality crops, Sahyadri remains fully committed to helping farmers to overcome the barrier of finance, technology, adaptation, and product value addition.

Sahyadri Farms began with the mission to ensure that the small-landholding farmers of India are given fair compensation for their produce and labor. This was to be achieved while ensuring that we adhere to global standards of agricultural practices, world-class infrastructure, international food safety standards, and the will to deliver safe, hygienic, and healthy food to our consumers. Mr. Pritesh Kare, Assistant Executive had given brief about Sahyadri Farm plant details. He had given brief introduction about manufacturing and exporting of Frozen Vegetable like spinach, cauliflower, carrot, peas etc, Frozen Fruit like guava sapopta, mango and grapes. Sahyadri Farm export their products to Germany, USA, Norway, etc. The visit came to an end at 3.00 p.m. It was an informative, interesting and a successful visit.
