| <b>Objective of program</b>    | <ul style="list-style-type: none"><li>• To ensure a safe, sufficient, and sustainable supply of blood and blood products by encouraging voluntary, non-remunerated blood donation.</li><li>• To raise awareness about the importance of regular blood donation and to increase community participation in maintaining adequate blood reserves for emergencies and medical treatments.</li><li>• To educate students about the need for voluntary blood donation and to foster a culture of social responsibility through active participation in donation drives.</li><li>• To promote employee engagement and corporate social responsibility by facilitating voluntary blood donation and supporting national blood banks.</li></ul> |

**Outcomes of the program**

A more reliable and adequate supply of safe blood and blood components for hospitals and emergency needs.

- Greater public understanding of the importance of voluntary blood donation and its life-saving impact
- Growth in the number of voluntary, regular donors, reducing dependence on replacement or emergency donors.
- Better readiness to respond to accidents, natural disasters, and medical emergencies requiring urgent blood transfusions.

## Report of the Event

The Blood Donation Program was conducted on 08 December 2025 by Rotaract Club of Asian Institute of Pharmacy Nashik and G.D. Sawant college sponsored by Rotary Club Of Nashik Midtown Nashik team by Rotary coordinator G. M. Jadhav sir along with blood bank . civil hospital members nashik

The program was honored by the gracious presence of eminent dignitaries: **and Dr. W. N. Bhende Sir, Rtr. J.J. Pawar, Rtr. G. M. Jadhav sir and Dr. Rajendra Dusane sir**

The program commenced with the felicitation of the esteemed guest **Dr. Rajendra Dusane Sir and Dr. W. N. Bhende Sir**, which set a dignified tone for the event. This was followed by speeches delivered by the other dignitaries, wherein they highlighted the importance and opportunities in rotary. Their speeches reflected the relevance of truth, non-violence, simplicity, and dedication in the present times.

The Blood Donation Program was organized to create awareness about the importance of blood donation and to encourage voluntary participation. The initiative aimed to support healthcare facilities by ensuring the availability of safe and adequate blood supplies for patients in need. Participants expressed majority in blood donation as well as haemoglobin measurement.

The aim of the **Blood Donation Program** is to promote voluntary blood donation and ensure the availability of safe, adequate, and timely blood supply for patients in need, while creating awareness about the importance of regular blood donation and encouraging community participation in this life-saving humanitarian activity.

### ▪ **Pre-Event Activities**

- Formation of a planning committee.
- Coordination with the local blood bank and healthcare professionals.
- Awareness campaigning through posters, announcements, and social media.
- Distribution of educational materials regarding health benefits and safety of donation.

### ▪ **Event Day Activities**

#### **1. Registration**

Participants registered at the help desk where their basic details were recorded.

## **2. Health Screening**

Doctors and medical staff conducted:

- Hemoglobin check
- Blood pressure measurement
- Medical history review
- Weight check

Only medically fit individuals were approved for donation.

## **3. Blood Donation Procedure**

- Donors were guided to the donation area.
- Sterile and disposable equipment was used.
- Each donor gave approximately 350–450 ml of blood

## **4. Post-Donation Care**

- Refreshments such as juice and snacks were provided.
- Donors were advised to rest for 10–15 minutes.
- Certificates of appreciation were distributed.

## **5. Feedback**

Participants expressed satisfaction with the organization and safety measures.

Many donors appreciated the opportunity to contribute to society.

## 6. Challenges

- Limited first-time donor participation due to fear or misconceptions.
- Time constraints for working participants.
- Need for wider outreach in the community.

## 7. Conclusion

The Blood Donation Program was a successful effort that brought together volunteers, medical professionals, and community members for a noble cause. The event not only contributed to saving lives but also promoted the spirit of humanity and collective responsibility.
